🖱 Hussein ElSaeid

Profile

Frontend Developer with strong expertise in **React.js** and **Next.js**. Skilled in modern styling frameworks (**Tailwind CSS**, **Bootstrap**) and UI libraries (**Material UI**), with experience in creating smooth animations using **Framer Motion**. Passionate about building **responsive, accessible, and high-performance web applications**. Strong foundation in **JavaScript**, **TypeScript**, **data structures**, **algorithms**, and **clean coding practices**.

Skills

Languages

JavaScript (ES6+), TypeScript, HTML5, CSS3

Frameworks & Libraries

React.js, Next.js, Tailwind CSS, Bootstrap, Material UI, Shadcn UI, Framer Motion

Concepts

Responsive Web Design, RESTful APIs, Data Structures & Algorithms, OOP, Clean Code

Tools

Git, GitHub, Postman

Professional Experience

Frontend Developer – Self Learning Projects

2024 – Present

Built multiple web applications using **React.js**, **Next.js**, and **Tailwind CSS**.
Developed reusable **UI components** to improve scalability and maintainability.
Integrated third-party **APIs** and implemented PDF parsing workflows.
Applied **responsive design** principles and **performance optimizations** for cross-device compatibility.

Projects

Resumix — ATS Resume Checker [🔗](#)

Built a modern web application to analyze and optimize resumes for **Applicant Tracking Systems (ATS)**.
Implemented **PDF upload and parsing** to extract structured resume content and detect formatting issues.
Developed an **AI-powered feedback mode** to provide personalized resume improvement suggestions.
Integrated **Puter.js** for authentication, data storage, and user management.
Added scoring and feedback features: ATS-readability score, keyword coverage checks, and section completeness highlights.
Focused on fast, clean, and responsive UI with **Next.js + TypeScript and Tailwind CSS**.

Role: Frontend Developer – designed UI, integrated AI feedback mode, and implemented user authentication with Puter.js.

Personal Portfolio [🔗](#)

Built with **React.js**, **Next.js**, **Tailwind CSS**, and **Framer Motion**.
Designed a fully responsive and interactive portfolio to showcase projects and skills.

To Do List [🔗](#)

Developed with **React.js**, **Vite**, **Tailwind CSS**, and **Material UI**.
Implemented CRUD functionality and responsive UI for efficient daily task management.

Weather App [🔗](#)

Created with **React.js** and **Material UI**, integrating real-time weather API.
Displays global weather conditions in a clean, user-friendly interface.

Education

Licentiate in Fundamentals of Religion [🔗](#)

2016 – 2020
Mansoura, Egypt
