🔄 Hussein ElSaeid

## Profile

Frontend Developer specialized in **React.js** and **Next.js**, with expertise in modern styling frameworks (**Tailwind CSS**, **Bootstrap**) and UI libraries (**Material UI**, **Shadcn/UI**). Experienced in creating smooth, interactive animations with **Framer Motion**. Passionate about building responsive, accessible, and high-performance web applications, with a solid foundation in **JavaScript**, **TypeScript**, **data structures**, **algorithms**, and **clean coding practices**.

## Skills

### Languages

HTML5 ,CSS3, JavaScript (ES6+), TypeScript

### Frameworks & Libraries

React.js, Next.js, Zustand,Tailwind CSS, Bootstrap, Material UI, Shadcn UI, Framer Motion

### Concepts

Responsive Web Design, RESTful APIs, Data Structures & Algorithms,  
Object-Oriented Programming (OOP), Clean Code Practices,  
UI/UX Principles

### Tools

Git, GitHub, Postman

## Professional Experience

### Frontend Developer – Freelance & Personal Projects

2024 – Present

Built multiple web applications using **React.js**, **Next.js**, and **Tailwind CSS**.  
Developed reusable **UI components** to improve scalability and maintainability.  
Integrated third-party **APIs** and implemented PDF parsing workflows.  
Applied **responsive design** principles and **performance optimizations** for cross-device compatibility.

## Projects

### Resumix — ATS Resume Checker [🔗](#)

- Built a modern web application to analyze and optimize resumes for Applicant Tracking Systems (ATS).
- Implemented PDF upload and parsing to extract structured resume content and detect formatting issues.
- Developed an AI-powered feedback mode to provide personalized resume improvement suggestions.
- Integrated **Puter.js** for AI model API, authentication, data storage, and user management.
- Added scoring and feedback features: ATS-readability score, keyword coverage checks, and section completeness highlights.
- Used **Zustand** for state management to handle global state efficiently and improve scalability.
- Focused on fast, clean, and responsive UI with **Next.js + TypeScript + Tailwind CSS**.

**Role:** Frontend Developer — integrated AI feedback mode and implemented user authentication with Puter.js.

### Personal Portfolio [🔗](#)

- Designed and developed a fully responsive and interactive portfolio to showcase projects and skills.
- Built with **React.js**, **Next.js**, **Tailwind CSS**, **Swiper.js**, and **Framer Motion** for smooth transitions and animations.
- Implemented modern UI/UX principles with a clean, minimalistic design for better user engagement.
- Deployed with performance optimization techniques for fast loading and SEO-friendly structure.
- **Role:** Frontend Developer & UI Designer.

### FasterUI - Landing Page [🔗](#)

- Built a modern, responsive landing page showcasing reusable UI components.
- Implemented interactive sections, smooth animations, and theme support using **Next.js**, **TypeScript**, **Tailwind CSS**, **Shadcn/UI**, **Framer Motion**, **Next-Themes**, and **React Bits**.
- Focused on delivering a visually appealing, fast, and accessible user experience across devices.

**Role:** Frontend Developer — handled UI development, animations, and theme integration.

## Education

### Licentiate in Fundamentals of Religion [🔗](#)

2016 – 2020
