Projects

Personal Portfolio [🔗](#)

A personal portfolio showcasing my skills and experience as a frontend developer. Built with **React.js**, **Next.js**, **Tailwind CSS** and **Framer Motion** to highlight clean, interactive, and responsive design.

To Do List [🔗](#)

A simple and responsive To-Do List web app built with **React.js**, **Vite**, **Material UI**, and **Tailwind CSS**. It allows users to manage their daily tasks efficiently with a clean and modern UI.

Weather App [🔗](#)

a simple and elegant weather application built with **React** and **Material UI (MUI)**. It allows users to search for any city around the world and get real-time weather data, including temperature, weather conditions, and date — all displayed with a smooth and responsive UI.

Education

Licentiate in Fundamentals of Religion, *Al-Azhar University*

2016 – 2020
Mansoura, Egypt
